James Pages contributing elitor, like that great English paper, the London Illustrated News, it is highly moral, but entirely unsectarian and non-olitical. During a year it furnishes over 1 100 pictures, and the equal of 9 large octave volumes of reading matter. IT GIVES AWAY, extra each week, a large engraving (\$\pi\$ in a year) size lixel inches. These are exquisite fac-similes of the linest stool engravings, on heavy tinted paper with margins suitable for framing, and are truly a fine art gallery every year. Besides, each subscriber is presented with the chrome, "Gold Fish, Praits and Flowers," size 2x2/, feet, in 27 oil colors, painted by Hamsey. Not only the largest and finest premium ever given, but the most wonderfully beautiful chrome ever produced. The Best Evidence.

The following letter from Rev. E. S. Best, Pastor of the M. E. Church, Natick, Mass., will be read with interest by many physicians; also those suf-fering from the same disease as afflicted the son of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative power of VEGETINE.

NATICE, Mass., Jan. 1st, 1873. MR. H. R. STEVENS:

Dear Sir-We have good reason for re-garding your VEGETINE a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered from necrosis of his leg, caused by scrofulous affection, and was so far reduced that nearly all who saw him thought his recovery impossible. A council of able physicians could give us but the faintest hope of his ever rallying; two of the number declaring that he was beyond the reach of human remedles, that even imputation could not save him, as he had not vigor enough to endure the operation. Just then we commenced giving him VEGETINE and from that time to the present he has been continuously improving He has lately resumed studies, thrown away his crutches and
